Featured Listings

There is a fee if you choose to have your company "featured". A featured listing provides the company with a listing at the top of the category, a detailed product description, a different background, and a notation that it is a featured listing.

(multiple featured listings from different organizations will be "ordered" at the discretion of the eLawExchange staff). To view an example of a sponsored listing in comparison to a basic listing, go to the "

[Find Legal Software](#)

" page and select the "Software Function" category and click on the "Select" button. You will be able to see the "featured" listing and logo/banner enhancement as compared to a basic listing.

At any time, you can upgrade your organization's basic entry to be a "featured listing". To sign up to be a "featured" listing, please visit the [web shop](#) and add the desired subscription to your cart and checkout. After the subscription period has lapsed, you can renew at any time.

Add Logo/Banner

All featured listings have the option of displaying a logo/banner.

Should you choose, the image will be uploaded to our server and will be shown in your entry. The maximum size of the image must not exceed 165 x 110 pixels (width x height) and 100 kilobytes. Larger images will be resized automatically. Please do not use transparent images. Only images can be uploaded which are in JPG, PNG or GIF format.

To upload a logo (at the add entry/edit entry screen), click on "Browse" and select your logo image from your computer. Select the "open" option. The directory location to upload the logo will appear in the "Browse" box. Then fill in any additional fields if necessary and click on the "Send" option. The image will then be uploaded. If you have any difficulty uploading, send the logo/banner to Custo merService@eLawExchange.com
